

You will be creating a resource to use to help you study wildlife identification for each species you are responsible for knowing in this course. You will do this by creating a set of flash cards. Create a flashcard for each of the species listed below that contains the following information:

- Front Side
 - o Minimum of one picture of the animal, preferably in their ideal habitat and in color
- Back Side
 - o Common Name
 - o Scientific Name
 - o Name of adult male, adult female, and young (if applicable)

As we discuss additional concepts in class you will go back and add information about each species to the slides.

Mammals

White-tailed Deer	Moose
Black Bear	Mule Deer
Porcupine	Elk
Eastern Cottontail	Bison
Bobcat	Musk Ox
Red Fox	Armadillo
Raccoon	Dall's Sheep
Opossum	Bighorn Sheep
Beaver	Mountain Goat
Coyote	Mountain Lion
Mouse	Eastern Fox Squirrel
Muskrat	Bat
Weasel	Grizzly Bear
Woodchuck	Manatee
Gray Fox	Killer Whale
Eastern Gray Squirrel	Bottle-nosed Dolphin
Striped Skunk	Walrus
River Otter	Harbor Seal
Pronghorn	Right Whale

Birds

Bobwhite Quail	Eastern Screech Owl
Barn Owl	Goshawk
Eastern Wild Turkey	Mallard
Wood Duck	Canada Goose
Great Horned Owl	Red-tailed Hawk
Vulture	Bald Eagle

All finished work should be turned in for a grade by Tuesday, November 1, 2011 and will be returned within 24 hours for you to use a study guide for your Wildlife ID Test on 11/3/11.
